EDUCATION

SunderDeep Engineering College(Affiliated to AKTU)

Bachelor of Technology(B.Tech) : SGPA : 8.14

2021 - 2025

Relevant Coursework: Computer Science Engineering

Ghaziabad, Uttar Pradesh

Maa Tripur Sundari public School (CBSE)

Intermediate

2020 - 2021

• Relevant Coursework: Science with Mathematics

Mrzapur, Uttar Pradesh

EXPERIENCE

Software Developer Trainee

Bitschief Technology Service pvt. Ltd

Developed a User Management System enabling full CRUD operations with role-based access and status control.

Technology Used : React.js, Node.js, express, node.mailer, postgres, express-validator

Web Developer Intern

MangosOrange(July 2024 - SEP 2024)

Project: GoHackathon Website Improved website responsiveness by 30%, increasing user engagement by 20%. Optimized UI using React, HTML, CSS, and JavaScript, and collaborated with the design team to enhance layout and navigation.

TECHNICAL SKILLS

Languages: Java, JavaScript

Technologies: HTML,CSS, Ejs,React Native, ,Node.js, Express, Tailwind CSS

Database : MongoDB, SQL, Postgres.

Dev Tools: Visual Studio Code, IntelliJ IDEA Community Edition, Replit

Coursework: Data Structures and Algorithm, OOPS, DBMS

PROJECTS

1.User Management

Technologies: React.js,Bootstrap , JavaScript, Node.js, Express, PSQL

Developed a robust User Management system supporting creation and management of users, groups, and organizations. Implemented role-based access control to ensure secure, permission-driven operations. Enabled scalable organizational hierarchy and group assignments for efficient user governance and administration.

2. ExpressPost

Source Code

Technologies: EJS, JavaScript, Node.js, Express, MongoDB,Tailwind CSS

Developed a web application enabling users to create, like, and edit posts. Integrated authentication to restrict post creation and editing to authorized users only, ensuring secure interactions.

ACHIEVEMENT

Solved 820+ problems on LeetCode with a max rating of **1820**.

Developed a chatbot using an embedded platform, securing 2nd place in a college fest.

Maintained a 450+ problem-solving streak on LeetCode, showcasing consistency and expertise in algorithms and data structures.

Solved 300+ problems on CodeChef.
